DIALOGVS PROPEMPTICVS:
Interloquuntur Academia & Themis.

A HOLSATI ergo Duces, regum de ſtemmate creti,
Argentinenſis linquunt Muſæa Lycæi?
T Eſt ita: nec dubius prodit mendacia rumor:
Qui ſolet ambiguas aliàs diſpergere nugas.
A At quorſum tendunt? Proprias accedere terras
An cupiunt: gentes vel perluſtrare remotas:
Gallos: Hiſpanos: Italos: Scotosq́; vel Anglos?
T In patriam properant: à Principe Patre vocati:
Principe, Sleſuicum qui, Stormariamq́; gubernat:
Qui regit Holſatos: & cui Dietmarſia paret:
Et quo non melior quiſquam, nec amantior æqui eſt.
A In patriam properant, à Principe Patre vocati?
Forſan eos teneris mox informabit ab annis,
Vt regere imperio populos, vt ſceptra tenere
Conueniat: toto quo non ars maior in orbe eſt.
T Sic eſt: Conſiliis, magnis & rebus agendis
Mox præponet eos: vt quæ didicere ſub vmbris
In lucem educant: quo nil prudentius vſquam.
A O felix Princeps, ô terq́; quaterq́; beatus:
Poſt ſe qui natos variis virtutibus auctos,
Imperij dominos linquit, rerumq́; potentes.
Nam quid commemorem, quanto venerentur honore
Cœlicolûm regem? Sancti myſteria verbi.

Quam

Quam purè ſeruent: ſpinoſaq; dogmata damnent;
T O regio felix in qua Sapientia Chriſti
Floret: & æterni dulcis Concordia Verbi.
Verus amor Domini rerum Sapientia prima eſt:
Et fons iuſtitiæ, pacis, vitæq; beatæ.
Fallitur ingenio nimium qui fidit, acutas
Qui quærit ſpinas, ſtultus ſibi vulnera quærit.
Is ſapit ad ſacram qui ſe conformat amußim,
Et non humanæ curat phantaſmata mentis.
A Quid dicam Heroes, qua ſedulitate fideq;
Tractarint literas, hac dum vixere ſub vrbe:
Vix ſuper Oceanum motis Hyperionis aſtris
Aurea proceßit roſeo Pallantias ortu,
Cum ſibi præſcriptas coluere fideliter artes:
Ingenuas artes: animi vitæq; magiſtras.
T O regio felix, ô terq; quaterq; beata,
Cui literæ præſunt: in qua dominantur & artes.
Artibus ingenuis molleſcunt pectora, cedit
Aſperitas: artes vitæ ſunt calcar honeſtæ:
Perfugium miſeris, atq; ornamenta beatis.
Et veluti variis ſylueſcunt ſentibus arua,
Si cultura deeſt: Sic mens ſterileſcit, vbi artes
Deficiunt: Artes mentem virtutibus ornant.

Audiuere viros, qui legum oracula pandunt,
Et qui perplexi ſoluunt ænigmata juris:
T. O regio felix, ô terq; quaterq; beata,
In qua dux juſtus faſces & ſceptra cōercet:
Atq; vbi ciuilis floret reuerentia juris.
Nam veluti corpus, vitæ cum ſpiritus exit,
Corruit, & remanet tantum deforme cadauer:
Sic vbi legitimi cedit veneratio juris:
Labitur infeſto triſtis Reſpublica caſu:
Et tantum ſupereſt ſtolidæ confuſio turbæ.
Nemo poteſt ſolo naturæ lumine ductus,
Æquali libra dubias decidere cauſas:
Sed vel juſta minus, nimium vel præcipit æqua.
Scilicet incerta mentis qui lege gubernat:
Is ſua mobilibus committit carbaſa ventis:
Nunc his nunc illis animi percellitur vndis:
Et rarò juſti contingit littoris oram.
At qui ſcriptarum ſequitur veſtigia legum:
Illius in placido verſatur flumine puppis:
Conſtanter iuſtum, conſtanter cogitat æquum,
Et non ambigua turbatur imagine juris.
A. Quid caſtos mores, vitæ præconia mille
Quid narrem: clarumue genus: quid cætera laudem:
Non mihi ſi centum linguæ ſint oraq; centum,
Hæc poſsim leuibus tantum depingere verbis.

T. Hæc igitur felix regio, multumq́ beata:
In qua ſceptra pij, docti, juſtiq́ gubernant.
Nempe magiſtratus tales, vt ſydera cœlo,
In terris ſplendent: ſanctè pia ſacra tuentur:
Quæ faciunt conſtanter agunt: ſeſeq́ probatos
Moribus & vultu præſtant in rebus agendis.
Quæ dicunt faciunt: vitant ludibria: ſeruant
Cum pietate fidem, cum dexteritate decorum:
Non aliud ſimulant, aliud ſermone reponunt:
Sed fugiunt biforis diuortia callida linguæ:
Et ceu naturæ triſtem execrantur abortum.
Publica defendunt prudenti commoda voto:
Pacem conſtituunt, factam retinere laborant:
Et breuiter vitam ſemper reuerentur honeſtam:
Cuiq́ ſuum tribuunt: nec quenquam lædere tentant.
A. Iam mea diuerſis agitantur pectora curis:
Et doleo, & lætor: mentem contraria turbant.
Non ſecus ac pluuijs ſtrident vbi littora ventis,
Atq́ vbi terrificis horreſcunt aëra bombis,
Omnes attoniti pallent: tremor occupat artus.
Aſt vbi depulſo redeunt Nereides auſtro:
Atq́ vbi cum pluuijs abiere tonitrua ventis:
Omnes triſtitiam ponunt curasq́ repellunt.
Sic ego dum noſtri perpendo damna Lycæi,
Quantis priuetur gemmis, quantoq́ decore,
Conficior luctu, & mentem ſuſpiria frangunt.

Contrà dum repeto proprijs quæ commoda terris,
Principibuſq; ipſis abitus bona quanta reportet,
Rurſus abit luctus: mentis ſuſpiria ceſſant.
T Ergò bonis auibus noſtra diſcedite terra
Heroes ſummi: non ſeria iuſſa parentum.
Fruſtrari, populi non optima vota morari
Me decet: ite Deo, quoniam libet ite fauente.
A Ite Duces celſi, Domino duce & auſpice Chriſto:
Siue leui curru patriam contingere vultis:
Ipſe Metiſcus equos tractet, moderetur habenas
Naubolus: aut curſu ſi cedere vultis equeſtri:
Pegaſus & Phaloe, Panchates, Lampon, Orion
Sint præſto: ex animi ſuccedant omnia votis.
Ite meæ ſedis memores, doctæq; cateruæ.
Ipſa memor veſtri viuam, veſtriq; parentis
Principis eximij: cuius clementia munus
Grande mihi tribuit, literati pignus amoris.
Pro quo polliceor ſanctè memoremq; piamq;
Me fore, dum viuo: claros dum Lucifer ignes
Euocat Auroræ: currunt dum Rhenus & Iſter.
T Ite Duces magni: Ledæi Caſtoris aſtrum
Per ſyluas, montes, & per vaga ſplendeat antra.
Vos ducant Muſæ: vos Naiadeſq;, Napeæ:
Vos ducant Charites, & vos comitetur Apollo.
Inter quos adero, nec vos, mea corda, relinquam.
